

# Welcome to Öster Malma castle and gaming experiences.

In the heart of Sörmland, surrounded by rolling fields and woodland, Öster Malma castle has looked out over Lake Malmasjön for almost 350 years.

A landscape where the red deer unabashedly step out on the fields and where you can watch the white-tailed eagle soar above the wildlife waters. Conference participants will be inspired by the natural setting so close to wildlife. At the same time the charming Baroque style s castle provides a romantic setting for weddings, and this is where we lay the table for our banquets. The chef in the restaurant is happy to serve wild game on the plates and the primary produce usually originates from the nearby forests and lakes. Nature is ever-present; from the first glance through the hotel window in the morning, to the entire palette of exciting activities on offer. Welcome to an encounter with the wild!

## **ÖSTER MALMA**

Öster Malma Castle with its two wings by the shores of Lake Malmasjön in the province of Södermanland was built in the 1660s by the Swedish Board of Customs administrator Wilhelm Drakenhjelm.

A charming Baroque style castle which after 350 years still retains its façade. During the 18th century, the castle saw some of its glory days and the grand hall on the first floor received its wall paper adorned with hunting motifs. The subsequent century is characterised by beautiful parks and flowery terraces towards the lake and orchards. Through actions taken by the chairman of the Svenska Jägareförbundet (Swedish hunting organisation) Prince Gustav Adolf, the organisation was able to rent the facility for hunting and gaming education in 1947, after it had changed hands numerous times. Five decades later, 1993, the organisation purchased Öster Malma.

Today the castle is characterised by the history of hunting, modern nature art and reception halls with furniture typical of the period. The environment, steeped in fine old traditions, is a colourful contri-

butution to a conference or wedding. The castle dining hall seats 80 guests under magnificent chandeliers. Upstairs you can invite somebody to dance on the classic wooden floors in the Grand Hall. And we guarantee you that the pub in the cool cellar vaults has heard many incredulous stories.

## **CONFERENCE**

Meeting in natural settings create a relaxed atmosphere where you can focus on the task. Nature gives new energy and new impressions open your senses. When the Laggår'n (barn) next to the castle was rebuilt in 2003, Öster Malma also received brand new conference rooms with modern technology for more efficient business meetings or conferences catering for up to 120 participants in classroom seating. Our staff is on hand in the same building to ensure fast and personal service. May we tempt you with a jovial castle dinner, a pub evening in the cellar vaults and unforgettable activities around our private woodlands and lakes? Welcome to a vibrant conference setting.

## **NATURE**

Nature is ever-present at Öster Malma. From the first glance out the window in the morning to the visit at the wild boar enclosure or the birds' wild farm, in fact, all the way in to the farm store. Fresh nature of course also offers great opportunities to experience exciting activities as well as relaxation. Many good ideas have been born during an adventurous excursion, and a challenging round of clay-pigeon shooting adds to the spirit of community. At Öster Malma your brain will breathe easier too.

## **PARTY**

A family get-together, wedding, company anniversary, or to celebrate a good hunting season in a princely hunting setting; most parties are a once-in a life-time experiences. The food should of course be one of the highlights of the party. At Öster Malma we know how to arrange a celebration or an unforgettable party. Together with the head chef we will go over your wishes and conditions to create the best day of your life.

## **GAME CUISINE**

Our cuisine is inspired by the wild. Our wild game chefs compose their banquets using produce from nature's pantry, the forest and lakes around Öster Malma. The saddle of venison, duck breast and mushroom pie are a feast for your palate. Each course should be enjoyed by all senses. At Öster Malma all game is handled in our own game abattoir. Quality is guaranteed, whether the wild game menu is served in our restaurant seating 240 guests, or in the castle's grand hall under the heavy chandeliers.

## **ACCOMMODATION**

We are able to offer our guests both hotel standard as well as more modest accommodation. Regardless of which alternative you choose, you are sure to spend the night peacefully surrounded by the beautiful nature of Sörmland on your doorstep. We guarantee that you will be very tempted to take a vigorous walk before breakfast. We have created an atmosphere around Öster Malma that is unlike any other you've ever experienced in other hotel settings.

## Palatial conferences

The wild, the castle surroundings and the food create the overall impression, the right feeling. Beautiful nature opens your senses. Bring your colleagues, your company to Öster Malma for a conference, seminar, board meeting, kick-off or perhaps a party.

The Swedish hunting organisation has its national office at Öster Malma, and under the guidance of experienced teachers, a number of courses and training in hunting and game preservation are arranged here. At the same time the conference and training rooms are also available to other organisations and companies. The hunting organisation's presence is felt through the game preservation path which brings visitors to varied nature and encounters with the wild

animals in the area. There are also our own shooting ranges where you, under the guidance of skilled instructors can try your hand at clay-pigeon shooting. Challenge your friends or hone your skills in preparation for hunting season in the special shooting simulator.

In our farm shop you can purchase everything from wild game meat and books to equipment for hunting and leisure.

The restaurant with its renowned wild game cuisine offers both catering and lunch service Monday through Friday. Sundays are reserved for wild game buffet.

*Welcome*
